

Powder White Prestige Wines

We have developed a Powder White In House Prestige wine list which includes some very good wines. These wines have been carefully selected; they are good wines for those people looking to upgrade at an excellent price.

They are available by the bottle, which can be put together in mixed cases for you, and be waiting for you in your chalet on your arrival.

If you decide to select any of the Prestige wines please can you let us know which wines you would like and in what quantities at least 2 weeks before the start of your holiday, so we can guarantee to get these wines to you on time. All wines are subject to availability.

***The Powder White Prestige Wines are only available in Courchevel, Meribel and Val d'Isere.**
